

## EDL26000TE

YAMAHA generators are among the most reliable and efficient products. Designed for domestic and professional use, YAMAHA generators have a robust design that allows them to face any type of environment. Available in gasoline or diesel engines and with a power ranging from 1 to 26 Kva, these generators meet multiple needs.

TECHNICAL CHARACTERISTICS	EDL26000TE
<b>GENERATOR</b>	
Generator type	Brushless, synchronous / three-phase AC
Maximum Power (Kva)	23
Rated Output (Kva)	21
Frequency (Hz)	50
Rated Voltage (V)	220 / 380
<b>MOTOR</b>	
Noise Level (Db)	81
Autonomy (H)	12,9
Fuel Tank Capacity (L)	80
Startup system	Electric
Displacement (cm <sup>3</sup> )	1335
Engine type	Diesel engine
<b>DIMENSIONS</b>	
Dimensions (Lxwxh) in mm	1380x700x945
Dry weight (Kg)	380
<b>EQUIPMENTS</b>	
Plug wrench	✓
Handle	✓
Owner's manual	✓
