

## EF2600FW

YAMAHA generators are among the most reliable and efficient products. Designed for domestic and professional use, YAMAHA generators have a robust design that allows them to face any type of environment. Available in gasoline or diesel engines and with a power ranging from 1 to 26 Kva, these generators meet multiple needs.

TECHNICAL CHARACTERISTICS	EF2600FW
<b>GENERATOR</b>	
Generator type	Brushless, synchronous / single-phase AC
Maximum Power (Kva)	2,3
Rated Output (Kva)	2,0
Frequency (Hz)	50
Rated Voltage (V)	220
<b>MOTOR</b>	
Noise Level (Db)	65
Autonomy (H)	10,6
Fuel Tank Capacity (L)	12
Startup system	Manual
Displacement (cm <sup>3</sup> )	171
Engine type	4-stroke petrol
<b>DIMENSIONS</b>	
Dimensions (Lxwxh) in mm	510x415x425
Dry weight (Kg)	41
<b>EQUIPMENTS</b>	
Plug wrench	✓
Handle	✓
Owner's manual	✓
